06/24/10	Questions re: GIS-Net, land use designation, zoning designation with respect to what can be built, mixed-use parameters, definition of terms	Answered all questions in Office Hours on 06/24/10. Agreed that a Glossary would be useful.	Barbara and John Clonts	BClonts@aol.com
07/15/10	Comment that policy language could be stronger. Comment that a Planning Advisory Committee II was formed in 1979-80 to consider amendments to the 1978 Plan. Suggestions to include height limits for mixed-use and parks throughout the community (not just in the north). Question about affordable housing.	Reviewed and, in some cases, strengthened policy language. Researched PAC II but found no record of their meeting or any subsequent plan amendments. Confirmed that height limits for mixed-use are addressed in the countywide ordinance. Reviewed policy language re: affordable housing to ensure it is equitable and evenly distributed throughout the community.	Sharon Pluth	pluthj@roadrunner.com
